BULLETIN

EUROPEAN WEIGHTLIFTING FEDERATION (EWF)
EUROPÄISCHE GEWICHTHEBER-FODERATION (EGF)

**Editor: European Weightlifting Federation
Helmut Atzrodt, General Secretary
1055 Berlin, Storkower Straße 118
German Democratic Republic**

Dear Sirs, dear friends,

Our young federation, the "European Weightlifting Federation", with this bulletin is for the first time introducing itself to the public, in particular, however, to all our friends in the leaderships of the national associations and to all lifters. It is the objective of this bulletin to further the contact between the different federations, to make contests popular in a faster way, and to give wide coverage to the results achieved there.

The members of the Bureau and the editor are appealing to actively cooperate by as many contributions to our bulletin as possible. Thus we will be able to get an even greater response to our sport in Europe.

We would like to emphasize again today that it is the aim of the EWF and its constitution to unite the European national federations to the benefit of international weightlifting. The EWF is pursuing the same aims as the independent federations in Asia and America which have been deserving members of the FHI for years now.

On occasion of the 1970 European Championships at Szombathely, Hungary, the EWF will hold a congress and meetings of its committees for the first time. The Bureau would be happy to welcome representatives of all 28 national federations just like in a big family.

A successful cooperation are wishing all federations,

Janusz Przedpelski
President

Helmut Atzrodt
General Secretary

The following nations founded the European Weightlifting Federation in Warsaw on September 20th, 1969:

Austria	Luxembourg
Belgium	Poland
Bulgaria	Sweden
Czechoslovakia	Rumania
Finland	Spain
France	Turkey
German Democratic Republic	USSR
Great Britain	Yugoslavia
Hungary	West Germany
Italy	

The delegates unanimously elected the new bodies:

Bureau

<u>Function</u>	<u>Name</u>	<u>Country</u>
President	Janusz Przedpelski	Poland
President of Honour	Jean Dame †	France
General Secretary	Helmut Atzrodt	German Democratic Republic
Vice-President	G. Schödl	Austria
"	T. Ajan	Hungary
"	A. Medvedjev	USSR
"	P. Kare	Finland
"	C. Bovi	France
Member of Bureau	Dr. Marcos Beccera	Spain
"	V. Valev	Bulgaria
"	Y. Frölander	Sweden
"	B. Poula	Czechoslovakia
"	E.S. Kazanci	Turkey
"	L. Baroga	Rumania

Technical and Referee Committee

Committee-President	Gottfried Schödl	Austria
Secretary	Dr. G. Carl	GDR
Member	St. Byondak	Poland
"	G. Hoff-Leirvik	Norway
"	A. Bergamassi	Italy
"	K. Artemjew	USSR
"	O. Schumann	West Germany
"	R. Douverger	France

Medical Committee

Chairman	Dr. Otto Arato	Hungary
Secretary	Dr. F. Beuker	GDR
Member	Dr. Czech	Czechosloviaka
"	Dr. Georgiev	Bulgaria
"	Dr. Kauko	Finland
"	Dr. Oziz	Turkey
"	Dr. Fouletier	France
"	Dr. Walecki	Poland
"	Dr. Centonza	Italy

Auditor Committee

Chairman	B. Cannerström	Sweden
Member	K. Wiener	Czechoslovakia
"	Dr. S. Leszek	Poland
"	F. Couchier	Belgium

In Memoriam Jean Dame

The weightlifters of the world stand deeply moved at the grave of one of the most outstanding officers of the International Weightlifting Federation.

On the 2nd of February 1970, surprisingly for us all, Jean Dame, Vice-President of the F.H.I. and President of honour of the E.W.F., died.

Jean Paul Louis Dame was born in Paris on the 1st of December 1897. In 1914 he started practising sports as a track and field athlete and already in 1915, when he became treasurer of his club "Cercle Athletique Parisien", his exemplary career as a sports officer began.

In 1921 he officially represented France for the first time at the World Wrestling Championship and attended his first Olympic Games in Paris in 1924.

In 1933 he was nominated General Secretary of the French Weightlifting Association. In this function Jean Dame continued to organize numerous significant events, among them World and European Championship in wrestling and weightlifting.

Jean Dame was given a great personal honour in January 1939, when he was awarded the title "Chevalier de la Légion d'Honneur". In 1961 he became member of the Technical Commission of the F.I.H.C. and was nominated its President in 1965.

At the Congress held on the occasion of the 1963 World Championship in Stockholm he was elected Vice-President of the F.I.H.C. He held this function until he died.

His last great contribution for the benefit of our beautiful sport was his co-operation in founding the European Weightlifting Federation, which named him its first President of Honour.

His death makes the great international weightlifting family lose an outstanding, always active personality, who dedicated all his life to the development of our sport.

The merits of Jean Dame's work in the International Weightlifting Federation will remain a lasting piece of weightlifting history.

We bow to the man and sports officer Jean Dame and will honour his memory.

Information on the European Championships 1970
